Welcome

Welcome to the Southeastern Pastel Society 2023 Spring Members Juried Exhibition. We are excited to begin this year with our Members Juried Exhibition at the Quinlan Visual Arts Center. Thank you to the Quinlan's, Nairika Cornett, Executive Director, and staff for hosting our exhibit this year. It is an honor to exhibit at the Quinlan again as we have in years past.

We want to thank all our members who entered the exhibit and congratulate all the artists who were accepted into and have won awards in this exhibition. It takes courage to put your art out there to be scrutinized among a group of over 200 paintings. If your painting or paintings were not selected for this exhibit there will be more opportunities for exhibitions, so keep painting and entering shows.

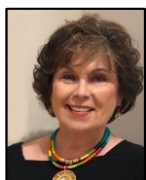

A special thank you to our Juror, Christine Swan for selecting a beautiful variety of art for this exhibition of pastel paintings and for providing a workshop for members and nonmembers. We appreciate the opportunity to hold another historical exhibition at the Quinlan.

We also thank our own SPS Exhibition team (see below). There are many hands involved in organizing our exhibits. It's exciting to have such an outstanding group of talented volunteers who donate their time and skills working as a team to produce this exhibit.

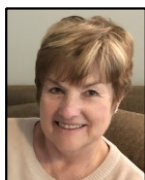

We plan to continue to offer our members high quality educational programs and exhibitions to stimulate creativity and assist in artistic growth. The sharing climate of SPS continues. We invite all to participate and experience this first-hand. You will not be disappointed.

Best wishes to you on your journey for Artistic Excellence,
Connie Lynn Reilly

About the Pastel Medium

Pastel sticks

Pastel pencils

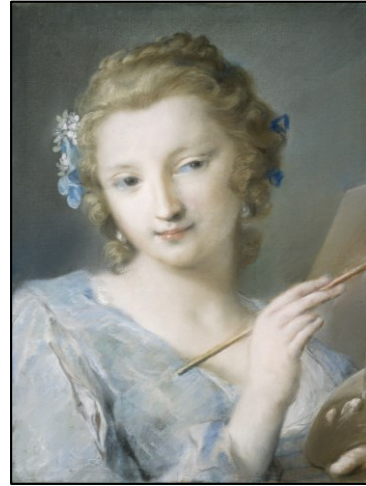

PanPastels

Pastel is known for its brilliant colors and velvety texture. It is also one of the most beautiful and versatile mediums in the history of art and is considered a major art form along with oils, acrylics and watercolors. It was first created in the 15th century and is not “chalk.” It is finely ground pigment formed with a very light binder into sticks, pencils or loose in small pans.

The pigments used in pastel are the same used in almost all other art mediums including watercolor, oil and acrylic. Pastel is the most permanent of all media when applied correctly and properly framed. The paintings don’t crack or fade like other mediums. Pastel paintings created in the 1400s are as vibrant and fresh today as when they were painted 700 years ago.

Isabella d'Este (1500)
Leonardo da Vinci

Allegory of Painting (1730s)
Rosalba Carriera

Pastels were initially used for informal sketches and Leonardo da Vinci (1452 – 1519) was one of the earliest artists to paint with them. He also invented a recipe for creating pastel sticks. However, Rosalba Carriera (1675 -1757), a Venetian self-taught artist, was the first artist to use pastels for serious portraiture. Other famous artists who painted with pastels include Mary Cassatt, McNeil Whistler, Edgar Degas, Pierre-Auguste Renoir, Toulouse-Lautrec, Henri Matisse, Odilon Redon and Roy Lichtenstein.

Membership

This is an exciting time to be a part of the pastel art community at any level—beginner to masters! There are more artists painting in pastel than ever before and because there are many new types of pastels, substrates (surfaces) and supplies, today's artists are creating innovative ways to paint with pastels. In addition, the opportunities to participate in pastel-only art exhibits and competitions are growing through a global network of pastel societies.

SPS has grown into an international society, comprised of a diverse group of over 230 artists from various states and countries. Our members have artistic abilities ranging from beginner to award-winning. We are an engaging society committed to creating an inclusive culture and maintaining a singular goal of helping our members thrive in their artistic journey. We share and support the desires of all members to develop their skills, learn new techniques and increase their love of painting in pastels.

SPS Membership Levels

- **Member** – Any member whose dues are current
- **Member of Excellence (MOE)** – Awarded to any member whose work has been juried into 3 SPS National or International exhibitions. This level allows the SPS MOE designation to be added to the artist's signature and credentials.
- **Master Pastelist (MP)** – Members who have achieved Member of Excellence status and have also received a total of 3 awards in SPS National or International Juried exhibitions. This level allows the SPS MP designation to be added to the artist's signature and credentials.

Benefits

Joining is easy! It costs only \$45 a year and provides the following benefits:

- Participate in SPS Juried Exhibitions
- Showcase your art and events through our website member directory, website galleries and social media
- Attend our monthly programs to learn from acclaimed instructors
- Develop skills through our workshops
- Inspire, educational programs and engage in our Members Only Facebook group
- Stay informed and broadcast your artistic achievements
- Have access to resources
- Participate in the International Association of Pastel Societies (IAPS)
- Get involved and volunteer with SPS

About the Exhibit and Juror

Strands, Christine Swann

About the Exhibit

- 79 artists entered paintings
- 69 artists had paintings accepted
- 13 US states represented
- 225 paintings submitted
- 102 paintings selected

Christine Swann, PSA, IAPS/EP

Christine Swann is obsessed with people and their stories. In another life she was a graphic designer but has spent the past 28 years working on portraits in the pastel medium. Although she started out by painting her own children by bribing them with candy, she now works with models. Her “personality portraits” have been recognized in many international exhibitions including the Best of Show, “Prix de Pastel” at the IAPS Master Circle Exhibitions in 2015 and in 2020. A portrait also won Honorable Mention in the Artist Magazine Competition in 2023 and has twice received Awards in the Portrait Society of Americas "Members Only" Competition. Her work has also been included in Invitational Exhibitions in China, Italy and France.

Southwest Art Magazine picked Christine as an “Artist To Watch” and she has been included in the Pastel Journals’ Pastel 100 international exhibition nine times. She is also published in the books, “How Did They Do That? -100 Ways To Paint People and Figures”, “Strokes of Genius” and the French publication, “40 Masters of Pastel.”

Christine is an Eminent Member of the Master Circle of IAPS and a Signature Member of the Pastel Society of America. She is currently teaching the workshop, “The Power of Pastel” to pastel groups around the country and writes a blog on art, pastel and motherhood at swannportraits.com.
